

# Ghewa Zaloum

Homs, Syria | (+963) 954 795 924 | [ghewazaloum@gmail.com](mailto:ghewazaloum@gmail.com) | [LinkedIn](#)

## PROFILE

Highly motivated and results-oriented software engineer with a strong passion for front-end development using React. Proficient in HTML, CSS, and JavaScript, with an emphasis on creating responsive and user-friendly web applications. Skilled in leveraging APIs to integrate data and enhance the functionality of web applications. Committed to continuous learning and staying up-to-date with the latest industry trends and best practices.

## WORK EXPERIENCE

### HNNDDES, React Web Developer

April 2024 - Present

#### Homs, Syria

- Work closely with a dynamic team of developers to create sophisticated Web applications, ensuring seamless integration and high performance.
- Lead the front-end development of user-friendly and visually appealing UI designs, working closely with designers to translate Figma prototypes into fully functional web interfaces.
- Optimize the performance of web applications by implementing best practices in state management, using tools like Redux, and ensuring cross-browser compatibility.
- Maintain code quality through thorough testing, debugging, and version control using Git, while actively participating in daily Scrum meetings to ensure project alignment and timely delivery.

### Freelance, JavaScript Trainer

Jan. 2022-June 2023

#### Homs, Syria

- Designed and delivered customized JavaScript training sessions for individuals and small groups, catering to varying skill levels from beginner to advanced.
- Developed comprehensive lesson plans and instructional materials covering fundamental concepts, advanced techniques, and best practices in JavaScript programming.
- Mentored students in project-based learning, helping them build fully functional web applications using modern development tools and frameworks.

### Freelanceer, Full Stack Developer

Feb. 2021 – March 2024

#### Remote

- Designed user interfaces for 3 web applications, leading to a 20% improvement in user engagement metrics.
- Managed 2 projects simultaneously, meeting 100% of deadlines and deliverables effectively.
- Implemented automated testing protocols, resulting in a 30% reduction in bug occurrences across all projects.

## EDUCATION
